1 Introduction

Welcome to the European Solidarity Corps Placement Administration and Support System (PASS).

This system is designed to make it easier for the representatives of authorised organisations like you to search for European Solidarity Corps potential participants for their projects, make contact with them, send offer to them and issue certificates of participations.

Representatives of organisations that have been **awarded with a Quality Label (ESC52, or ESC50)**, accredited under **Erasmus+ Volunteering (KA110)** have access to this system to search for potential participants, contact potential participants and send offers to them and issue certificates of participations. In addition, representatives of organisations that have successfully applied to one of the funding programmes that support the European Solidarity Corps will be given access to PASS.

NOTE: Representatives of organisations that have been awarded with a **Quality Label** or accredited under Erasmus+ Volunteering (**KA110**) are the **Contact Person and Legal Representative linked to the accreditation/Quality label of the organisation and not to the project.**

The first version of PASS was launched at the beginning of March 2017. A series of upgrades have been made until now and other are planned during the rest of 2021 to add new features to the tool.

This user manual will be kept up-to-date with these changes, so please make sure you are using the most up to date version.

The most up-to-date version of this manual is always available from the IT tool – Organisation Portal page of the European Solidarity Corps website: <http://europa.eu/youth/solidarity/organisations/it-tool-organisation-portal> and also in the dashboard of the organisation (PASS):

EUROPEAN SOLIDARITY CORPS PLACEMENT ADMINISTRATION AND SUPPORT SYSTEM (PASS)

Thank you for logging into European Solidarity Corps Placement Administration and Support System (PASS).
This system is designed to let you search for and make contact with European Solidarity Corps registered candidates, and finally offer them solidarity activities.

[Download the PASS User Guide](#)

The following are the key steps to follow in the process:

- Step 1** Search for registered candidates, and make contact with them
Use the search screen to find potential participants for your solidarity activities.
- Step 2** Contact individual registered candidates and discuss the activities with them
For privacy protection reasons, you must first use PASS to ask the young person for permission to contact them. After they have given you this permission, you can email them or call them directly, outside of PASS, to discuss the activities that are available.
- Step 3** Send an offer to the participant and get them to accept or decline it
When you have finished your discussions then you must send the young person an offer via PASS. The young person then has to either accept or decline the offer. The offers expire 15 days after they have been sent. This step is very important, because once the young person has accepted the offer they will become eligible to access to additional online European Solidarity Corps services. The funding for your project may also not become available until the offer is accepted.

2 Overview of process

The Placement Administration and Support System is designed to let you search for and make contact with European Solidarity Corps participants, send them offers for various available activities and finally issue certificates of participation.

After you have logged in, the following are the key steps to follow in the process:

1. Search for participants, and make contact with them

Use the search screen to find potential participants for your project.

2. Contact individual potential participants and discuss the project (activities) with them

For privacy protection reasons, you must first use PASS to ask the young person for permission to contact them. After they have given you this permission, you can email them or call them directly, outside of PASS, to discuss the activity that is available.

3. Send an offer to a potential participant and get them to accept or decline it

When you have finished your discussions then you must send the young person an offer via PASS. The young person then has to either accept or decline the offer. The **offers expire 15 days** after they have been sent. This step is very important, because once the young person has accepted the offer they will become eligible to access to additional online European Solidarity Corps services. The funding for your project may also not become available until the offer is accepted.

4. Generate a certificate of participation

After the participant has finished the activity he/she has been involved you can generate a certificate of participation. Please consult the 'Generate a certificate of participation' section, so you can find out all the business rules for each type of activity.

A series of upgrades are planned during 2021 to add many new features to the tool. This user manual will be kept up to date with these changes, so please make sure you are using the most up to date version of this document, available from: <http://europa.eu/youth/solidarity/organisations/it-tool-organisation-portal>

3 Before you start...

To help make the most out of using PASS, it would be useful to do the following before you first log in:

- The *Contact Person* and *Legal Representative* that are linked to the **Erasmus+ Volunteering accreditation (KA110)** or **Quality Label (ESC52, or ESC50)** are provided with access to PASS and not the contact person(s)/project managers of the project. To access PASS you have to use the email address mentioned in the accreditation.
- If you will access PASS for the first time, please note that **you have to create an EU Login account** (formally known as ECAS) for the **email address mentioned in the Quality Label (ESC52, or ESC50) or Erasmus+ Volunteering accreditation (KA110) of organisation**
- Have a good understanding about the project that you want to fill. In particular, the search will give you better results if you know the following information:
 - The start and end dates of the activity (placement);
 - How long the activity will last (between 2 and 12 months);
 - The knowledge and experience that you want participants to have;
 - The country where the activity will take place;
 - Countries you are specifically searching for potential participants from. This is particularly relevant if you are trying to find a potential participant for an activity, and need to ensure they come from countries where you already have a relationship with "*sending organisations*".
- Be ready to give the potential participants that you contact information about the planned project, and what they will be offered, for instance for accommodation, travel, insurance cover, training, etc.

Having all of this available before you start to use the system will help you to more easily find the potential participants that are best suited for your particular activities (your project deals with).

4 Logging in

The Placement Administration and Support System (PASS) requires users to authenticate themselves via the European Commission's secure EU Login system (formerly called ECAS).

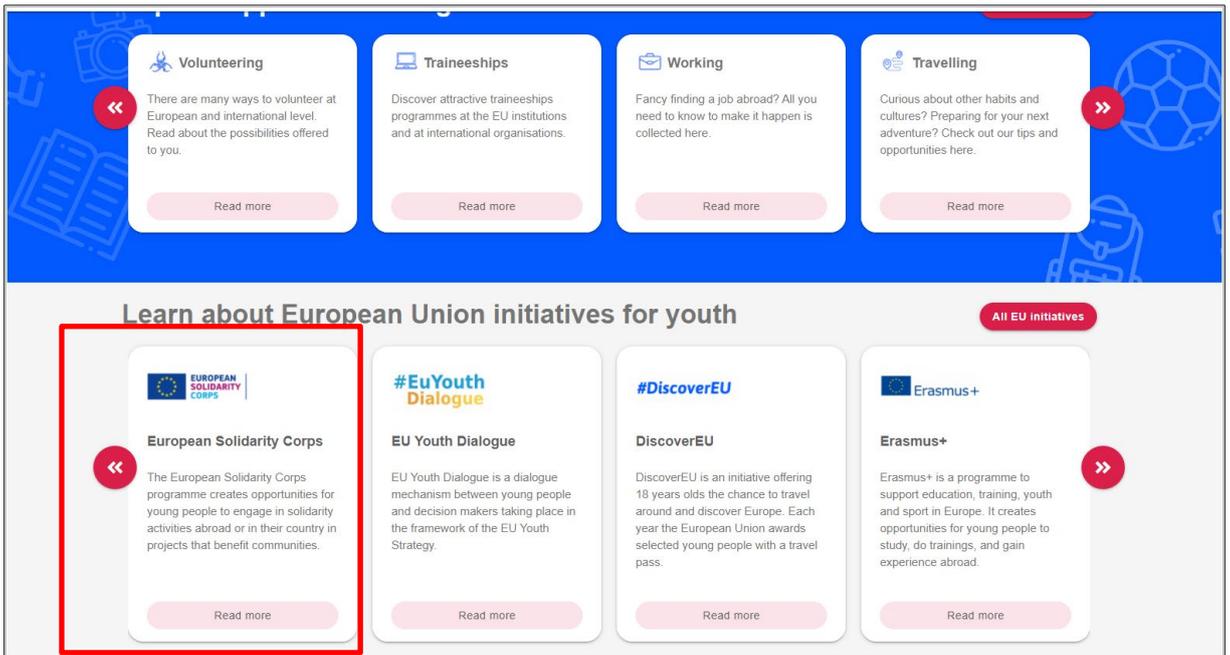

After authentication through EU Login, you can only get access to PASS if the email address linked with your EU Login account is one of the email addresses officially to your organisation in PASS (emails linked of the Contact Person and Legal Representative linked to the Quality label or Erasmus + Volunteering accreditation).

- **Organisations holding a Quality Label (ESC52, or ESC50) and the ones accredited under Erasmus+ Volunteering (KA110):** *The official email addresses are those of the two persons detailed in the original application for Quality Label (ESC52, or ESC50) or Erasmus+ Volunteering (KA110, former called EVS) accreditation – the Legal Representative and the Contact Person.* If these need to be updated, for instance because someone leaves and is replaced, please contact the Erasmus+ National Agency in your country, and ask them to update these contact details in your accreditation. These updates will automatically feed through to PASS.
- **Organisations that have successfully applied to one of the funding programmes that support the European Solidarity Corps:** When an organisation is approved to run a European Solidarity Corps project, the Directorate-General overseeing the funding programme informs the PASS administrators that the organisation and the email addresses of its nominated representatives should get access to PASS. If these nominated representatives need to be changed, the organisation should contact the Directorate-General responsible for the funding programme, and ask them to inform the PASS administrators of the changes.

- **Starting the login process:**

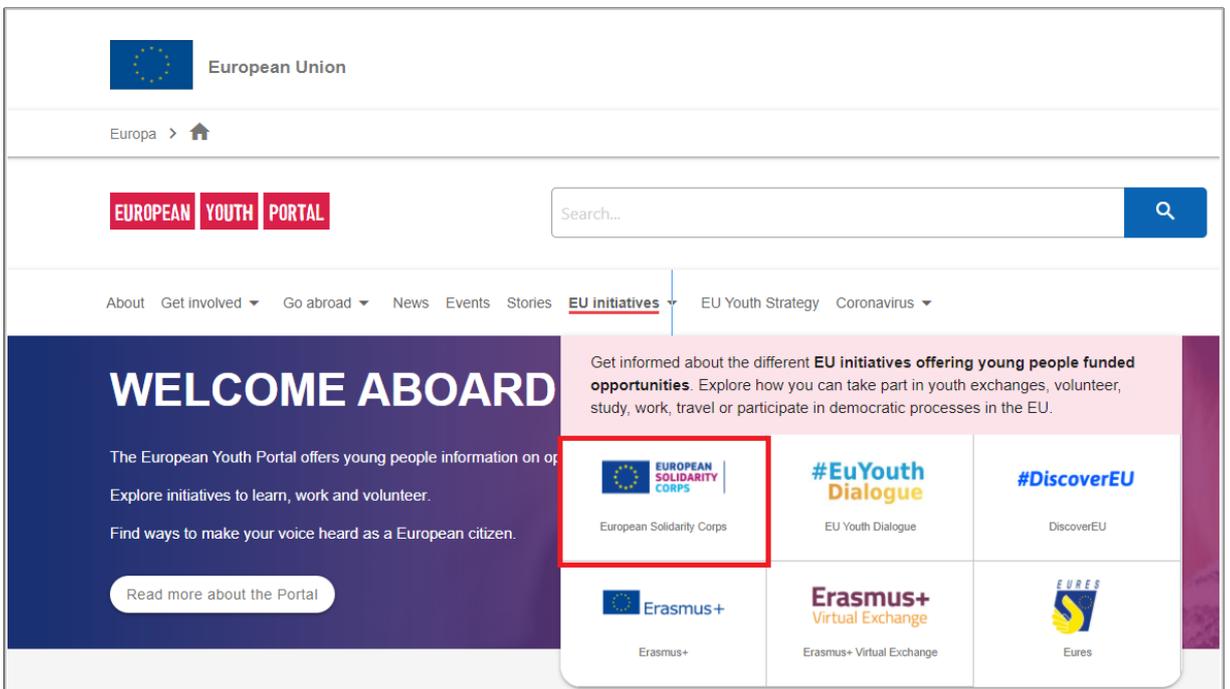

Access the European Solidarity Corp portal home page by using one of the option presented below

1. Start from the European Youth Portal home page (<https://europa.eu/youth/home>), and click on the button 'Read more' associated to the 'European Solidarity Corps' card that is displayed in the section 'Learn about European Union initiatives for youth':

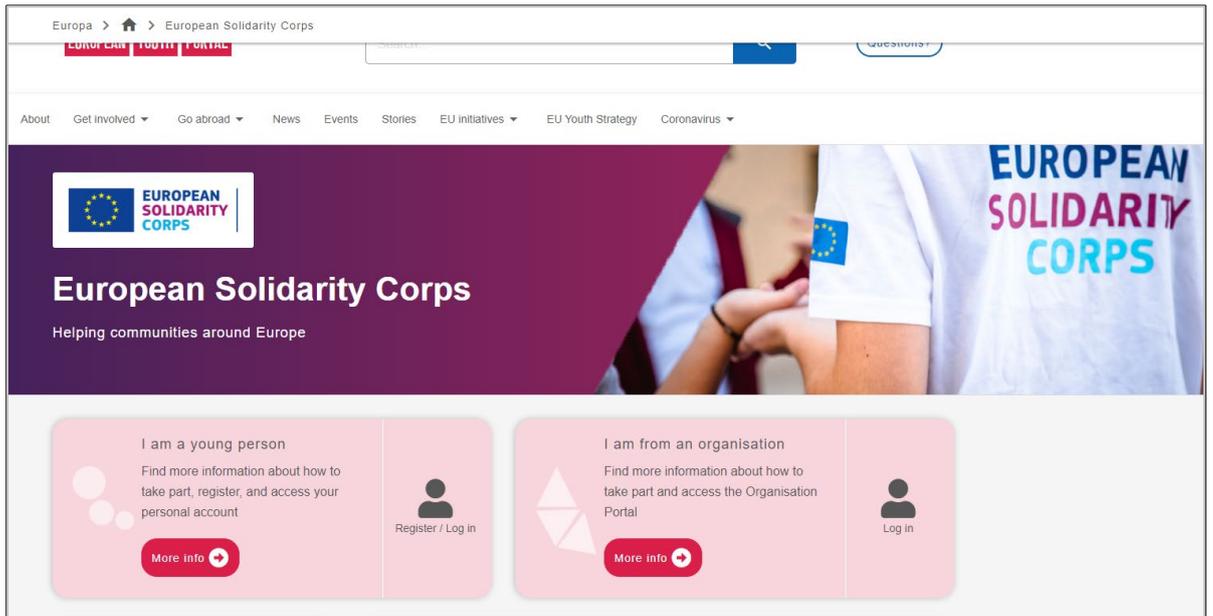

Or

2. Start from the European Youth Portal home page (<https://europa.eu/youth/home>), click on the button 'EU initiatives' displayed in the main navigation and select option 'European Solidarity Corps':

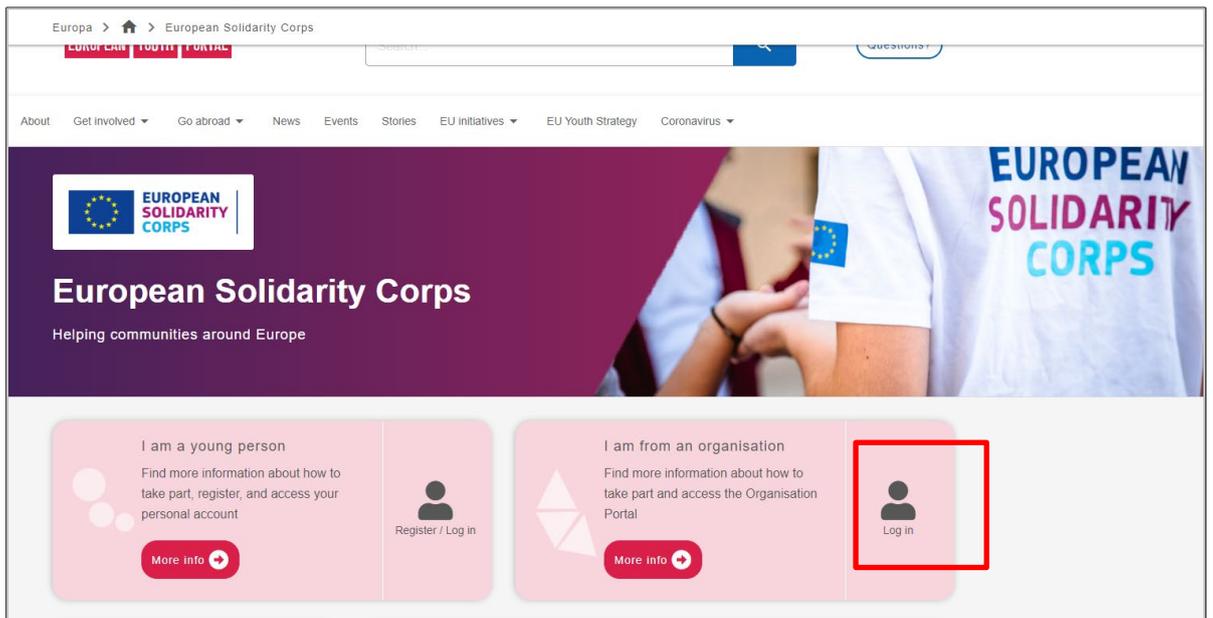

Or

3. Access directly the European Solidarity Corps main page <http://europa.eu/youth/solidarity>

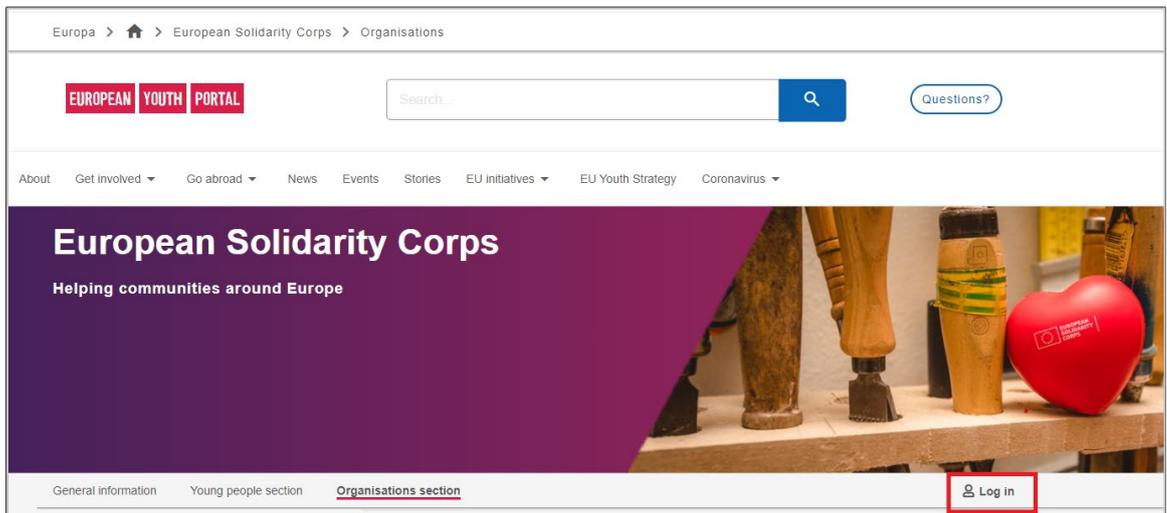

To login to PASS you either

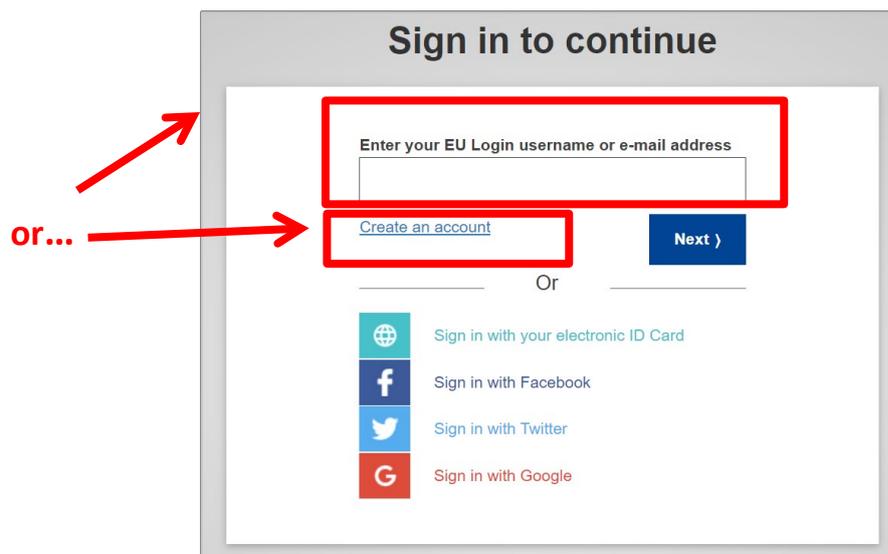

- a. click on the 'Log in' button in the 'I am from an organisation' box,

- b. or click on 'More information' button in the 'I am from an organisation' box and then click on the 'Log in' button

The the **EU Login** authentication screen is displayed (title of the page 'Sign in to continue'). Use the email address of your existing EU Login (ECAS) account, or if you do not have one, then we recommend that you use the "Create an account" button – you will be asked to verify your email address as part of the set up process.

After you have completed the EU Login authentication process, you will be automatically redirected back to the 'System Selection' page

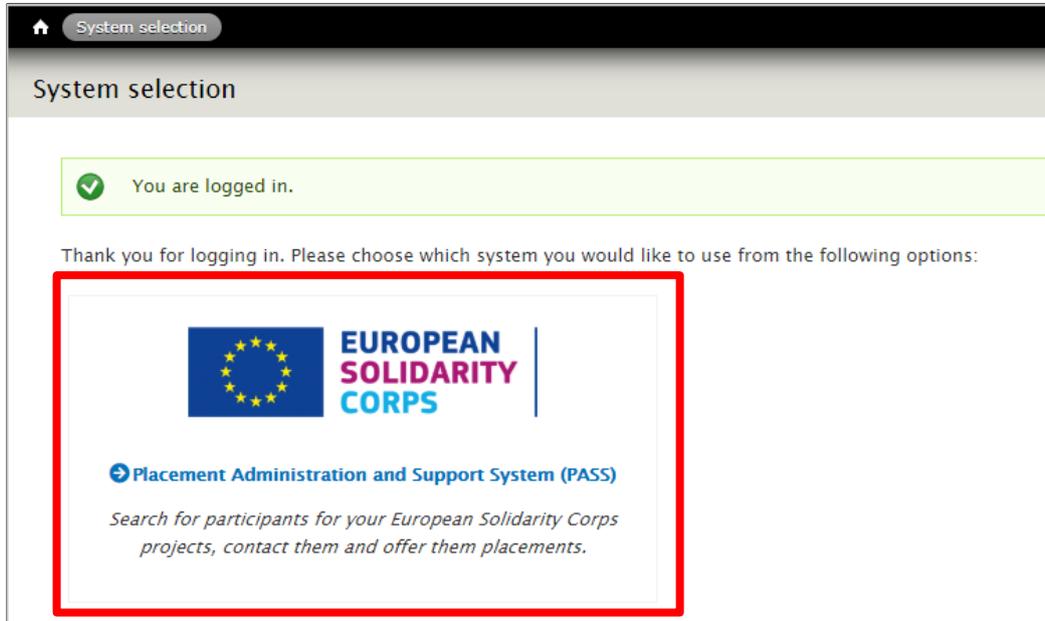

5 System selection

After you have authenticated via EU Login, you will be presented with the "System selection" screen, as shown below.

If you represent an organisation that holds a **Quality Label** or one that runs projects **funding by programmes that support the European Solidarity Corps**, or represent an organisation that is

accredited under **Erasmus+ Volunteering (KA110)**, then you will see only the option to go to the **European Solidarity Corps – Placemen Administration and Support System (PASS)**.

Note: The 'Volunteering Database' ribbon has been removed, this because all the organisations have the possibility to advertise opportunities via PASS.

6 Welcome screen

When you enter PASS for the very first time, you will be presented with the Welcome screen below.

In order to continue to the rest of PASS, you must tick to confirm that you accept the Mission and Principles of the European Solidarity Corps, and various other statements related to the use and protection of your personal data and that of the young people you find through the system.

You will only be asked to complete this page once. Press the "Continue" button displayed at the bottom of the screen to move to the next page.

The screenshot shows the PASS system interface. At the top, there is a header with the European Solidarity Corps logo and the title 'PLACEMENT ADMINISTRATION AND SUPPORT SYSTEM (PASS)'. Below the header, a welcome message is displayed, followed by a link to 'Download the PASS User Guide' (callout 9). A section titled 'The following are the key steps to follow in the process:' lists three steps: Step 1: Search for registered candidates, and make contact with them; Step 2: Contact individual registered candidates and discuss the activities with them; Step 3: Send an offer to the participant and get them to accept or decline it. Below this, a note states that users can manage multiple organisations. A table lists two organisations: 'Test Organisation Alpha' and 'Test Organisation Beta'. The 'Test Organisation Beta' row includes a 'QL Material' link (callout 10) and a 'Search and Contact' button with a '1 & 2' callout. The 'Test Organisation Alpha' row has buttons for 'Send an offer' (callout 3), 'Offers' (callout 4), 'Certificates' (callout 5), 'Manage opportunities' (callout 6), 'Applications' (callout 7), and 'Contacts list' (callout 8).

8 Search for potential participants

This is where you can start to find potential participants for your activities/projects.

There are two options: either fill in the search criteria using details of the proposed activity, or search for a specific registered candidate (potential participant) using their unique Participant Reference Number.

Option 1: Search using details of the proposed activity

To get the best search results, before you start please check when and where the activity will take place, and other characteristics of the placement. Once you know this information, complete the search criteria as follows:

1. Funding Programme

You will see a list with all the funding programmes your organisation receives funds for the projects it runs. You should then select the funding programme linked to the project you are searching young people for, e.g. 'European Solidarity Corps / Volunteering', or 'Erasmus + Volunteering', etc.

2. Activity type

You must choose whether you are searching for registered candidates who are interested in volunteering or occupational activities. The activity type list is associated to each funding programme. Hence, you will have the possibility to search only for a specific strand.

3. Earliest start date / latest end date / duration

When young people register, they are asked to specify when they are available, in terms of the start date and end date of the period, and the maximum number of months that they are available during this time. This gives registered candidates (young people registered in European Solidarity Corps portal) the flexibility to say, for instance, that they are available for a maximum period of three months during a six-month period.

To provide the best results, try to be as precise as possible with the dates and duration. However, if this is not certain, then enter the earliest date that the activity will start, the latest date that it will end, and the maximum length of the project (in months) between these dates.

The search will then show all registered candidate who are available during the period of the activity, and who have said that they can do a project of the duration. The search results will also show registered candidates whose availability is just outside the activity start and end dates.

Example: a registered gives a period of availability from 01/07/2021 to 31/12/2021, for a maximum of 4 months. If the activity is for 3 months from 01/08/2021 to 31/10/2021, then the registered candidate will be shown in the search results. However, if the activity is for 5 months, between 01/08/2021 and 31/12/2021, then the registered candidate will not be shown, because their maximum duration is only 4 months.

4. Country where the activity will take place ('Activity country' label)

Enter the country where the activity will take place. Only the registered candidates who have selected that country will appear in the search results.

5. Country of residence

If you need to select registered candidates from a particular country (for instance if you have a particular "sending" partner organisation) then specify the country here. Only registered candidates from that country will be shown in the search results.

6. Has a C.V.

If it is important that registered candidates have a CV, than tick this box.

7. Has volunteering motivation (for the occupational strand, the 'Has occupational motivation' label will be displayed)

Specify if the registered candidates should have a volunteering/occupational motivation.

8. Activity topics (choose up to 3)

All activities should contribute to at least one of the themes of the European Solidarity Corps. Please specify which topics your activity/project covers. You can choose whether the results show registered candidates who have shown an interest in all of the activity topics you specify, or alternatively who have an interest in at least one of them.

9. Knowledge and experience (choose up to 5)

Specify the skills that you require registered candidates to have for your activity. Again, you can choose whether the results show registered candidates who have all of the knowledge and experience that you have specified, or alternatively who have at least one of them.

10. Languages (choose up to 3)

If it is important that registered candidates can speak a particular language, specify it here. Here you can also choose whether the results show registered candidates who have all of the languages that you have specified, or alternatively who have at least one of them.

Option 2: Search using the Participant Reference Number (PRN)

11. If you know the unique reference number of the registered candidate, you can enter it here to directly see the details of that registered candidate.

Search screen:

The screenshot shows the 'SEARCH FOR PARTICIPANTS' interface. At the top left is the European Solidarity Corps logo. The main heading is 'SEARCH FOR PARTICIPANTS'. Below it, a message states: 'Please enter the details about the activity that you want to fill, or search directly using the Personal Reference Number. The more data you provide, the better the matches will be. Press the "Search" button to find potential participants.'

The search form includes the following elements, each highlighted with a red circle:

- 1**: Search on behalf of: TEST ORGANIZATION PHA
- 2**: Back button
- 3**: for an activity funded by: European Solidarity Corps / Volunteering
- 4**: Activity country: - Select -
- 5**: Country of residence: - None -
- 6**: Has a C.V. checkbox
- 7**: Has volunteering motivation checkbox
- 8**: Activity topics: - None -
- 9**: Knowledge and experience: - None -
- 10**: Languages: - None -
- 11**: Participant reference number: [input field]

Additional search criteria include: Scope (volunteering), Earliest start date, Latest end date, Duration (months), and Country of residence. Each of the three filter sections (Activity topics, Knowledge and experience, Languages) has a '+Add' button and radio buttons for 'Show young people who match all' (selected) and 'Show young people who match at least one'. A 'Search' button is located at the bottom center of the form.

Search results

After you press "Search" button you will be presented with a list of registered candidates that match the criteria you have specified, with the best matches shown at the top of the list. Note that the search results will not display the registered candidates that have done a long-term Erasmus+ volunteering activity (former known as EVS).

In the example below, you can:

- 1) See the total number of registered candidates that match the search criteria (this screenshot shows that you are viewing participants ranked 1 to 10 out of a total of 111 results).
- 2) See the Participant Reference Number of the participants (PRN); **the length can be 10 or 16 digits number.**
- 3) See their names and click on their name (or View) to see their full user profile.
- 4) Make first contact with the registered candidate.
- 5) Identify the registered candidate as a "favourite"
- 6) See the contact status and the date when the status has been changed
- 7) See the offer status and the date when the status has been changed
- 8) Change the number of registered candidates shown in one screen
- 9) Move between different pages of results.

Registered candidate details

Here you can see most of the information that the registered candidate has submitted in their profile.

To help protect the privacy of the registered candidate, this page does not show their contact details. If you want to contact them, you must use the "Contact"(1) button displayed in the registered candidate profile page or the one next to the registered candidate name in the results page (This will be explained more in the next section.).

If the registered candidate has uploaded their CV, you will be able to download and view it.

Registered candidate are free to enter free text in whichever language they choose. To help you better understand what they have written, beside each free text field is a "Translate" button (2). When you click on it, it will open a Google Translate screen pre-filled with the text from the field. Please specify your language in the Google Translate.

Note: Should you wish, you can **download in a .pdf file a registered candidate profile**. You can do it by using the **option 'Print'** available in the internet browser you use.

9 Contact registered candidates

When you have reviewed the results, the next step is to make first contact with the registered candidate. This process is necessary to protect the privacy of the registered candidate.

To make contact, click on the "Contact" button displayed on the registered candidate's profile page or the button beside the registered candidate in the search results screen. The "Send contact to Participant [PRN]" page will be displayed:

The screenshot shows a web form titled "Send contact to Participant". At the top, there is a header with the title and a blurred ID number. Below the header is a section titled "Additional information for the participant (optional)" which contains a rich text editor. The editor has a toolbar with various icons for text formatting (bold, italic, underline, bulleted list, numbered list, link, unlink, source) and a "Styles" dropdown menu. A red circle with the number "1" is placed in the text area of the editor. Below the editor, there is a text label "Content limited to 1000 characters." At the bottom of the form, there are four buttons: "Preview" (with a red circle "2" to its left), "Send" (with a red circle "5" to its right), "Cancel" (with a red circle "4" to its right), and a button with a red circle "3" to its left. Below the buttons, there is a line of text: "The participant will be contacted in **English**. Click [here](#) to preview the e-mail in **English**".

1. Write additional information (1) for the registered candidate (it will be sent to the registered candidate together with the generic information from the system) in the 'Additional information for the participant' box
2. Preview (2) the contact request message. You will see how the email that will be sent to the registered candidate will look like (it will include the information you added, if any, and the generic one).
3. Preview the message (email) in the contact language (3) that the registered candidate specified in his/her profile (e.g. German).
4. Cancel (4) the sending of the contact request, in this case no email will be sent to the part registered candidate.
5. Send (5) a contact request to the registered candidate by clicking on the "Send" button. You will then see a pop-up button asking you to confirm that you wish to make contact with the registered candidate.

As soon as you confirm the sending of the contact request (click on 'Yes' button) the registered candidate is notified that you want to get in touch with him/her. Therefore, he/she receives:

- An email
- a SMS message (if the registered candidate specified a mobile phone in his/her profile)
- a notification in the European Solidarity Corps mobile app (if the registrant downloaded and installed it on)

The contact request will be sent in the contact language the registered candidate specified in his/her profile.

The email with the contact request contains a predefined text, the text/message you wrote to him/her, information about your organisation and two buttons, "Accept contact" and "Decline contact". To accept or decline the contact request, the registered candidate has to click on one of the two buttons ('Accept contact'\Decline contact', and login to the European Solidarity Corps profile.

In case the registered candidate clicked on "Accept contact", you will receive an email (in English) with the registered candidate's contact details (e-mail address and phone number – if it is the case). You can then use these details to contact the registered candidate directly to discuss the activity and negotiate the terms of it.

In case the registered candidate declined the contact request (he/she clicked on the "Decline contact" button), you will receive a notification (in English) but without the registered candidate's contact details.

'Contact status': After the contact request email is sent to the registered candidate, you will see that the status and date are updated in the registered candidate's profile (1), in the search results (2) and also in the 'Contacts list' (4). This information is updated each time you send a contact request to the registered candidate via PASS and the registered candidate 'answers' to it (accept/decline).

11 Send an offer for an activity

After you have come to an agreement with the registered candidate about the activity, you must make an offer to them through PASS.

This final step is very important because:

- It is the mandatory step in the enrolling with **insurance** process (for ESC11, ESC13, ESC21 projects and for ESC51)
- It makes participant data available to be encoded in Mobility Tool (for ESC11, ESC13, ESC21 projects)
- It is part of the process to trigger the payment of funds for activities/projects ('Final Report')

The send offer form is split in 5 sections (4 section for the projects run under other funding programmes that support the European Solidarity Corps, and Volunteering Teams in High Priority Areas projects) - the system will guide you through each of them:

- 1. Registrant and funding programme:** specify the PRN of the registered candidate and the funding programme
 - For European Solidarity Corps funded projects (**ESC11, ESC13, ESC21**) – choose:
 - **European Solidarity Corps/ Volunteering, for a Volunteering project (ESC11, ESC13)**
 - **European Solidarity Corps/Traineeship, for a Traineeship project (ESC21)**
 - **European Solidarity Corps/Job, for a Job project (ESC21)**
 - For ES European Solidarity Corps funded projects under the new MFF (ESC51) – choose: **European Solidarity Corps/ Volunteering-ESC51**
 - For Erasmus+ Volunteering project (KA105, KA125, KA135), choose Erasmus+ Volunteering
 - For projects funded under other funding programmes that support European Solidarity Corps, select the corresponding programme
 - For Volunteering Teams in High Priority Areas projects, choose 'European Solidarity Corps / Volunteering Teams in High Priority Areas'
- 2. Project information:** select the Action and Activity type
- 3. Offer information:** enter the start and end dates for the activity, topics, short description of the activity/project.
Note: For ESC 11, ESC13, ESC21 the information about projects (including start and end dates of the projects) are retrieved from Mobility Tool (MT+). Therefore, the start and end date for the activity you want to send an offer should be between the start and end date of the project. If the start and end date of the project are not correct, please verify the information is correct in Mobility Tool and contact your country National Agency so they can inform us.
- 4. Location:** specify the organisation, country, city (including the address) where the activity will take place
- 5. Review and send the offer:** review the information you have filled in and send the offer to the potential participant

The potential participant will receive an email with details about the activity they have been offered by you. The email is sent in the in his/her preferred contact language. A copy of the email (in English) will be sent to you.

To accept or decline the offer the potential participant has to click, either on the "Accept offer" button in order to accept it or on the "Decline offer" button to decline it. The confirmation of the accepting or declining the offer will be sent to both, potential participant and you.

NOTE: The offer is technically valid **15 days**, after which its status is changed into 'Expired' and it cannot be accepted or declined. Therefore, should you wish you could resend the offer.

Each offer is linked to a participant and it cannot be shared with anyone else.

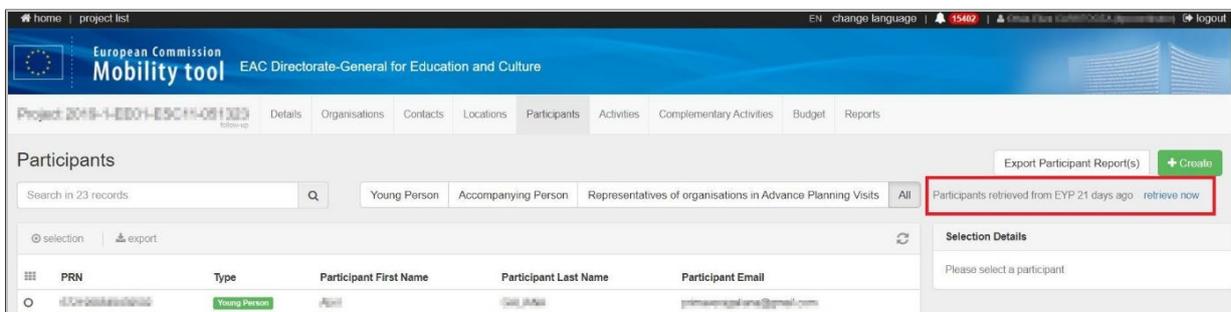

11.1 Send an offer for a European Solidarity Corps funded project (Volunteering, Traineeship or Jobs) – projects ESC11, ESC13, ESC21

NOTE: You can send offers only for **granted** projects and only after the project is **available** in **Mobility Tool (MT+)**. The information about the project, such as **Project code, Action, Action type, Start and End date** are automatically retrieved (in PASS) from the Mobility Tool+.

Please note that after a registered candidate/potential participant accepts the offer you sent, you would need to access the **Mobility Tool (MT+)** and retrieve participant data (and information about the offer) by clicking on the **'retrieve now'** link that is displayed next to the **'Participants retrieve from EYP'** label). The next step will be to add the participation data (see **'Add participation'** button), tick the checkbox **'In the case of participants entitled to insurance coverage, please note that this information will be sent to the insurance company to enrol the participant'** and mark the participation as **'Complete'**, so the participant data can be automatically sent to the insurance system.

For more details about MT+, please consult its guideline. For more details about insurance, please see the chapter '17 Insurance'.

Example – Mobility Tool (MT+) – 'retrieve now' link:

Send an offer

Click on the 'Send offer' (1) link that is available in the dashboard associated to your organisation

The screenshot shows the PASS dashboard with the following content:

- Header:** EUROPEAN SOLIDARITY CORPS logo and "PLACEMENT ADMINISTRATION AND SUPPORT SYSTEM (PASS)" title.
- Welcome Message:** "Thank you for logging into European Solidarity Corps Placement Administration and Support System (PASS). This system is designed to let you search for and make contact with European Solidarity Corps registered candidates, and finally offer them solidarity activities." Includes a link to "Download the PASS User Guide".
- Key Steps:**
 - Step 1:** Search for registered candidates, and make contact with them. Use the search screen to find potential participants for your solidarity activities.
 - Step 2:** Contact individual registered candidates and discuss the activities with them. For privacy protection reasons, you must first use PASS to ask the young person for permission to contact them. After they have given you this permission, you can email them or call them directly, outside of PASS, to discuss the activities that are available.
 - Step 3:** Send an offer to the participant and get them to accept or decline it. When you have finished your discussions then you must send the young person an offer via PASS. The young person then has to either accept or decline the offer. The offers expire 15 days after they have been sent. This step is very important, because once the young person has accepted the offer they will become eligible to access to additional online European Solidarity Corps services. The funding for your project may also not become available until the offer is accepted.
- Navigation:** A table with columns "NAME" and "ACTIONS". Under "ACTIONS", there are links: "1 2 Search and Contact", "3 Send an offer" (highlighted with a red circle), "Offers", "Certificates", "Manage opportunities", "Applications", and "Contacts list".

The send offer form is open allowing you to fill out the details for the activity you will offer to the potential participant. The form is split in 5 sections and the system will guide you through each of them:

A horizontal progress bar with five numbered steps: 1 Registrant and funding programme, 2 Project information, 3 Offer information, 4 Location, and 5 Review.

1. Registrant and funding programme:

NOTE: The system will automatically display a list with all your projects granted and funded under European Solidarity Corps, as well as European Solidarity Corps projects you are involved.

The screenshot shows the form for the first step of the process:

- Progress Bar:** Same as above, with step 1 highlighted.
- Form Fields:**

11.3 Send an offer for a Erasmus+ Volunteering funded project

Click on the 'Send offer' (1) link that is available in the dashboard associated to your organisation

The screenshot shows the PASS dashboard with the following content:

- Header: EUROPEAN SOLIDARITY CORPS and PLACEMENT ADMINISTRATION AND SUPPORT SYSTEM (PASS)
- Welcome message: Thank you for logging into European Solidarity Corps Placement Administration and Support System (PASS). This system is designed to let you search for and make contact with European Solidarity Corps registered candidates, and finally offer them solidarity activities. A link to 'Download the PASS User Guide' is provided.
- Key steps section:
 - Step 1: Search for registered candidates, and make contact with them**
Use the search screen to find potential participants for your solidarity activities.
 - Step 2: Contact individual registered candidates and discuss the activities with them**
For privacy protection reasons, you must first use PASS to ask the young person for permission to contact them. After they have given you this permission, you can email them or call them directly, outside of PASS, to discuss the activities that are available.
 - Step 3: Send an offer to the participant and get them to accept or decline it**
When you have finished your discussions then you must send the young person an offer via PASS. The young person then has to either accept or decline the offer. The offers expire 15 days after they have been sent. This step is very important, because once the young person has accepted the offer they will become eligible to access to additional online European Solidarity Corps services. The funding for your project may also not become available until the offer is accepted.

You can resend an offer as many times as you need.

15 Withdraw an offer

You can withdraw an offer when:

- you sent an offer with wrong details about the activity/project
- you sent more than one offer for the same activity to the same participant
- the registered candidate accepted the offer, but he/she couldn't join
- the activity (or project) has been cancelled or postponed

The 'Withdraw offer' option is available for the offers with status 'Sent', 'Resent', or 'Accepted'.

15.1 European Solidarity Corps projects (ESC11, ESC13, ESC21)

In the case of the offers sent for the project funded under European Solidarity Corps programme (ESC 11, ESC13, ESC21), the withdrawing involves the communication with the Mobility Tool (MT+):

- a) Offer status is 'Send' or 'Resent'

The withdrawing can be done without any issue.

- b) Offer status is 'Accepted':

If the offer status is accepted, then several checks will be made by the both systems, PASS and Mobility Too (MT+).

Possible scenarios:

b.1 If the offer status is 'accepted', and the participant is not retrieved in MT+ yet then you can withdraw the offer.

b.2 If the offer status is 'accepted', and participant retrieved in MT+, but the participation data is not added, then you will be able to withdraw the offer in PASS without performing any extra steps. After withdrawing the offer, you would have to access MT+ and click on the 'retrieve now' link so the list with participants is refreshed ('Participants' tab).

b.3 If the offer status is 'accepted', the participant is retrieved in MT+ and the participation data is added (linked to an activity), then:

- remove the participation/ unlinked the participant from the activity (in MT+)
- withdraw the offer
- click on the 'retrieve now' link so the list with participants is refreshed ('Participants' tab in MT+)

Example: Message displayed when you cannot withdraw an offer

Withdraw Offer

The offer cannot be withdrawn because the participant has already been added to an activity.

b.4 If the offer status is 'accepted, participant retrieved in MT+, the participation data added, and a Certificate of participation has been issued, then the withdrawing of offer is not available.

c) Offer status is 'Sent (expired)': the 'withdraw offer' option is not available, because the offer is expired from the technical point of view and it does not have any financial impact on the project.

d) Offer status: 'Declined'
The 'withdraw offer' option is not available, because the offer has been declined and it does not have any financial impact on the project.

15.2 Erasmus + Volunteering projects, Volunteering Teams in High Priority Areas projects, and projects funded under programmes that supports European Solidarity Corps

You can withdraw any offer you sent to a participant, unless a Certificate of participation was issued and the status of offer is 'Declined' or 'Sent (Expired)'.

To withdraw an offer you have to access the 'Offers' list and:

1. Click on the 'Withdraw offer' link associated to the offer you want to withdraw (see 'Actions' column) (1)

17 Insurance

As of June 2021, enrolment of cross-border eligible participants in decentralised projects to the insurance scheme will be done automatically:

- through the **Mobility Tool+ for ESC11, ESC13 and ESC21 projects**
- through **PASS and Beneficiary Module for ESC51 projects**

It is therefore crucial that granted projects are transferred in due time to MT+ (for the ESC11, ESC13, and ESC21 projects) and registered in **PASS or Beneficiary Module (for ESC51 projects)** and **that beneficiaries input the information on the activities prior to the departure of the participants from their sending country (minimum 2 weeks).**

For Erasmus+ volunteering and centralised projects, the process is still through CIGNA portal (manually).

17.1 For the ESC 11, ESC13 and ESC 21 projects

The automatic enrolment with insurance is now in place. Here are the steps to follow:

- **Send an offer** to a participant via PASS (see chapter '11.1 Send offer for European Solidarity Corps funded projects (Volunteering, Traineeship or Jobs) – projects ESC11, ESC13, ESC21')
- After the offer is accepted by a participant, access **Mobility Tool (MT+)** and in the tab 'Participants' click on link '**retrieve now**' that it is displayed next to the 'Participants retrieved from EYP' (displayed at the top right side of the page);
- For each participant: add participation (see '**Add participation**' button) data, and once all information is complete, tick the checkbox '**In the case of participants entitled to insurance coverage, please note that this information will be sent to the insurance company to enrol the participant**' and mark the participation as '**Complete**'.
- Please note that if participation is in status Draft then the information about a participant will not be sent to the insurance, therefore the participant will not be insured.
- Please note that the information will be sent to the insurance **once per week (on Thursdays, but the preparation of the weekly files starts every Wednesday at 10:00 PM)**, therefore please encode the participants in MT+ **at least 2 weeks prior to their departure**. Please do not encode a participant directly in the CIGNA portal; there is the risk of double registration and hence double insurance costs.
 - The participants enrolled in the insurance system receive a **welcome email that contains** practical information on the insurance plan and guidance about how to download electronic membership card and the insurance certificate
 - **Notification sent to supporting and host organisations:** participant name, PRN, project code, start and end date of the activity
- Please note that you **should keep the participation data updated in the MT+.**

NOTE: After a participant is enrolled in the insurance system (receives the welcome email), please do not untick the checkbox for insurance. The updated information will be sent to the insurance system and the insurance will be cancelled.

17.2 For the ESC51 projects

As of end of March 2022, enrolment of cross-border eligible participants in **ESC51** projects (decentralised projects) to insurance scheme will be done automatically:

- through **PASS, for the participants that are not encoded yet in the Beneficiary Module (BM)**
- through **Beneficiary Module (BM), for the participants that are encoded in the tool and for which a participation is added, the flag for insurance is ticked and the participation has status 'Complete'**

Please note that the manual enrolment (encoding of participants on the CIGNA portal) is not supported anymore. Therefore, even though you filled out the form on the CIGNA portal, the information will not be processed and you will be notified that you will have to encode participants in the PASS/Beneficiary Module (BM) or Mobility Tool (MT+).

- Send an offer to a participant via PASS (see chapter 11.2 Send an offer for a European Solidarity Corps funded project - ESC51 projects.)
- After the offer is accepted by a participant, and **ONLY if** the project is already in the **Beneficiary Module (BM)**:
 - and in the tab '**Participants**' click on link '**retrieve now**' that it is displayed next to the 'Participants retrieved from EYP' (displayed at the top right side of the page);
 - For each participant: add participation (see '**Add participation**' button) data, and once all information is complete, tick the checkbox '**In the case of participants entitled to insurance coverage, please note that this information will be sent to the insurance company to enrol the participant**' and mark the participation as '**Complete**'.
 - Please note that if participation is in status **Draft** then the information about a participant will not be sent to the insurance, therefore the participant will not be insured.
- Please note that the information will be sent to the insurance **once per week (on Thursdays, but the preparation of the weekly files starts every Wednesday at 10:00 PM)**, therefore please encode the participants **in the PASS and Beneficiary Module (only if the project is in the tool) at least 2 weeks prior to their departure**. *Please do not encode a participant directly in the CIGNA portal; there is the risk of double registration and hence double insurance costs.*

- The participants enrolled in the insurance system receive a **welcome email that contains** practical information on the insurance plan and guidance about how to download electronic membership card and the insurance certificate
- **Notification sent to supporting and host organisations:** participant name, PRN, project code, start and end date of the activity
- Please note that you **should keep the participation data updated in the PASS and/or Beneficiary Module (BM).**

NOTE: After a participant is enrolled in the insurance system (receives the welcome email), please do not untick the checkbox for insurance. The updated information will be sent to the insurance system and the insurance will be cancelled.

17.3 Extend coverage period

The 'request' for extending of an insurance coverage is done via the process of automatic sending of data to the insurance system.

Therefore:

- **For a ESC 51 project:**
 - If the participation data is encoded in the Beneficiary Module (BM):
 - Modify/change the activity dates on the participation added in the Beneficiary Module (please note that the flag for insurance should be ticked and the participation status should be 'Complete')
 - If the participant data is not encoded in the Beneficiary Module (BM) yet, then please edit the activity dates on the offer sent to the participant (offers status should be 'Accepted')

The updated information will be included in the weekly file transfer that it is automatically sent to the insurance system.

Note: Please note that the PASS is still the source of data for the weekly file transfer. PASS verifies if there is a participation added in the Beneficiary Module for that offer and if it cannot find, then the information from the offer is included in the weekly file transfer that it will be automatically sent to the insurance system!

- **For a ESC 11/13/21 project**

Access the Mobility Tool (MT+) and Modify/change the activity dates on the participation added for the participant (please note that the flag for insurance should be ticked and the participation status should be 'Complete').

The updated information will be included in the weekly file transfer that it is automatically sent to the insurance system.

17.4 Cancel an insurance coverage

The 'request' for cancelation of an insurance coverage is done via the process of automatic sending of data to the insurance system.

Therefore:

- For a ESC 51 project:
 - If the participation data is encoded in the Beneficiary Module (BM):
 - Remove participation from the list with organisations that were awarded with ESC50 in 2022 **and**
 - Withdraw the offer from PASS

Note: Please note that the PASS is still the source of data for the weekly file transfer. PASS verifies if there is a participation added in the Beneficiary Module for that offer and if it cannot find, then the information from the offer is included in the weekly file transfer that it will be automatically sent to the insurance system!

- If the participant data is not encoded in the Beneficiary Module (BM) yet, then the information from the offer is included in the weekly file transfer that will be automatically sent to the insurance system
- For a ESC 11/13/21 project:

In the Mobility Tool (MT+), please remove the participation added for the participant. It will be good if will also withdraw the offer sent via PASS, so the participant will receive the notification about withdrawing of the offer for the activity.

18 Generate a certificate of participation

You can issue a European Solidarity Corps certificate of participation for a participant that finalises his/her activity.

18.1 Project funded under European Solidarity Corps programme

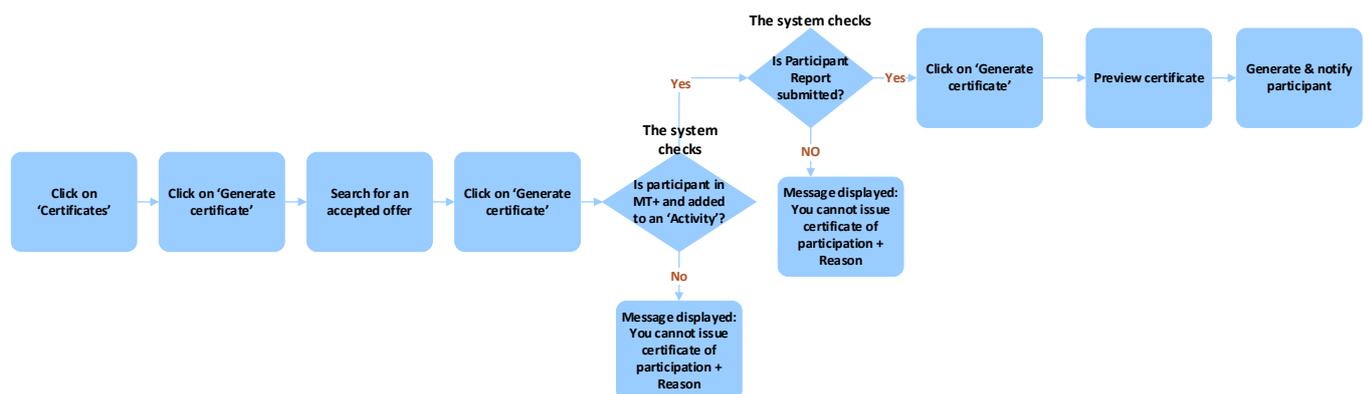

Please note that for of the projects funded under European Solidarity Corps programme (**ESC11, ESC13, and ESC21**), the issuing of the certificate of participation is possible only if the participant submitted the **'Participant report'**. This also mean that:

- in **Mobility Tool (MT+)**, the participant data is retrieved from European Youth Portal (see **'Retrieve from EYP'** link) and
- participation data is added (see **'Activities'** or **'Participations'** tab) and
- **'Participant report'** is 'submitted' (in 'Activities' tab, select a participant data and check the 'Participant report' section).

In PASS it is checked only if the 'Participant report' has been submitted and not its quality.

For **ESC11, ESC13, and ESC21 projects**, the information about **participation data** (Start date and End date of the activity) and **Location** (where the activity took place), **will be automatically retrieved from Mobility Tool and it cannot be changed (the accurate data is available in Mobility Tool)**.

Steps to issue a certificate of participation for projects funded under European Solidarity Corps programme:

18.2 Projects funded under Erasmus +, projects funded by other programmes that support European Solidarity Corps, and Volunteering Teams in High Priority Area projects

For those projects the information about activity dates and location (where the activity took place) are taken from the offer you sent to the participant.

- b. Hold a Quality Label
- c. Run projects that are funded by other programmes supporting the European Solidarity Corps:
 - [EU programme for Employment and Social Innovation \(EaSI\)](#)
 - [LIFE programme](#)
 - [European Agricultural Fund for Rural Development](#)
 - [Europe for Citizens programme](#)
 - [Asylum, Migration and Integration Fund \(AMIF\)](#)
 - [Interreg Volunteer Youth](#)
 - [EU Health programme](#)
- d. Run a Volunteering Teams in High Priority Area project

You can advertise opportunities for a:

- Projects funded under Erasmus + Volunteering

- Projects funded by other programmes supporting the European Solidarity Corps
- Volunteering Teams in High Priority Area project

Please note that you can advertise opportunities as soon as you are awarded with a Quality Label / Erasmus+ Volunteering accreditation, so even if your grant agreement is not approved yet.

How to advertise/create an opportunity

1. Access PASS
2. Click on the 'Manage opportunities' link (1)

Thank you for logging into European Solidarity Corps Placement Administration and Support System (PASS).
This system is designed to let you search for and make contact with European Solidarity Corps registered candidates, and finally offer them solidarity activities.
[Download the PASS User Guide](#)

The following are the key steps to follow in the process:

Step 1 Search for registered candidates, and make contact with them
Use the search screen to find potential participants for your solidarity activities.

Step 2 Contact individual registered candidates and discuss the activities with them
For privacy protection reasons, you must first use PASS to ask the young person for permission to contact them. After they have given you this permission, you can email them or call them directly, outside of PASS, to discuss the activities that are available.

Step 3 Send an offer to the participant and get them to accept or decline it
When you have finished your discussions then you must send the young person an offer via PASS. The young person then has to either accept or decline the offer. The offers expire 15 days after they have been sent. This step is very important, because once the young person has accepted the offer they will become eligible to access to additional online European Solidarity Corps services. The funding for your project may also not become available until the offer is accepted.

If you are authorised to manage solidarity activities for more than one organisation, you will see all of the organisations listed below. Follow the **1** for the organisation you want to manage solidarity activities for.

Welcome to the Volunteering Opportunities database in the European Youth Portal!

The above table shows the organisation(s) that you are currently authorised to administer within the European Youth Portal's Volunteering Opportunities database.
At present, only organisations which have been accredited for European Voluntary Service under the new Erasmus+ programme (since January 2014) are able to add opportunities to this system.
If you believe you should be allowed to administer the volunteering opportunities for another organisation, please have the responsible person for that organisation contact their EVS National Agency and request that either the "Contact Person" or "Legal Representative" email address is amended to be exactly the same as your ECAS email address.
If you represent an organisation which wants to advertise for volunteers for your EVS projects, [click here](#) for more information.
Please note that it can take up to 24 hours for amendments to EVS records to be transferred to the European Youth Portal.
We apologise for this inconvenience, but hope you appreciate that these measures are required to ensure the security of the system.

Note – you must add your organisation as one of the Receiving, Coordinating or Sending organisations related to this opportunity. You will not be able to save this without doing so.

SENDING ORGANISATION(S)

Add an organisation...

We want to show potential volunteers the different partner organisations that are involved with projects. This section allows you to specify which partner organisations are linked to the different roles in your Erasmus+ Volunteering opportunity, e.g., the Hosting, Coordinating and Sending partners.

You might not yet know which organisations are going to be the partners in your project, so it is okay to leave these blank. However, YOU MUST add your own organisation as one of the Hosting, Coordinating or Sending organisations – you will not be able to save this project without doing so.

For each role, you have two choices:

- Choose an organisation that is already accredited for Erasmus+ Volunteering. When you choose the country they are from, a list of all of the Erasmus+ Volunteering accredited organisations for that country will appear in the dropdown box. When a potential volunteer clicks on this organisation in the opportunity details page in the EYP, they will be taken to the organisation's details page.
- Or, add basic details for an organisation that is not yet accredited for Erasmus+ Volunteering. When a user clicks on one of these organisations, they will be taken directly to the organisation's website.

You can add only one Hosting organisation and only one Coordinating organisation, but you can add up to 20 different Sending organisations. An organisation cannot be chosen as both a Hosting and a Sending organisation at the same time.

The following applies when adding Hosting, Coordinating and Sending organisations. Hosting is being used as the example for all three.

Additional information:

Location of the opportunity

The *Town/city* and the *Country* of the linked Hosting organisation are used automatically as the location of the opportunity. If no Hosting organisation is entered, then the opportunity will be displayed without a location, and it will not appear in search results based on the location of the opportunity.

Changing / amending Partners

If you want to change the partner organisations, you must *[remove]* the old organisation before adding a new one (see screenshot below).

The screenshot shows a form titled "PARTNERS" with a note: "Note – you must add your organisation as one of the Receiving, Coordinating or Sending organisations related to this opportunity. You will not be able to save this without doing so." Below the note are three sections: "HOSTING ORGANISATION" with a sub-note "Which organisation(s) will be hosting volunteers? Note: this information will be used to show the location of this volunteering opportunity." and one entry "Test Organisation Alpha : [trash icon] [remove]"; "COORDINATING ORGANISATION" with a sub-note "Which organisation will be coordinating this opportunity?" and one entry "Test Organisation Bravo : [trash icon] [remove]"; and "SENDING ORGANISATION(S)" with a sub-note "Which organisation(s) will be sending young people for this opportunity?" and four entries: "Test Organisation Charlie : [trash icon] [remove]", "Test Organisation Delta : [trash icon] [remove]", "Test Organisation Echo : [trash icon] [remove]", and "Test Organisation Foxtrot : [trash icon] [remove]". At the bottom of the "SENDING ORGANISATION(S)" section is a button labeled "Add an organisation..."

Section 6: Participants with fewer opportunities

The screenshot shows a form titled "PARTICIPANTS WITH FEWER OPPORTUNITIES" with a question: "What infrastructure and/or resource will be available at this opportunity in order to accommodate and support volunteers facing barriers to participation?". There are three radio button options:
1. A physical environment suitable for young people with physical, sensory or other disabilities (such as wheelchair access and similar).
2. Additional mentoring or other support suitable for young people with obstacles, educational difficulties, cultural differences or similar.
3. Other provision: Please describe, briefly and in English, other aspects of your experience, infrastructure, and resources available for this opportunity to accommodate and support volunteers facing barriers to participation.
Below the options is a large text area for description, with a character count at the bottom: "300 characters remaining."

The involvement of young people with fewer opportunities is one of the key themes of the Erasmus+ programme. Use this section to describe what facilities and resources this project will make available for young people in this situation.

1. The *Physical environment and Additional mentoring or other support* tick-boxes

If relevant, tick either or both of these boxes to show that your opportunity is able to provide these types of assistance. (*non-mandatory*)

2. Other provision

Tick this box if your opportunity is able to provide other resources to assist young people with fewer opportunities, and enter the details of what it can offer into the pop-up text box. (*non-mandatory – maximum 300 characters*)

Section 9: The Final Part...

In this final section, you control when your opportunity is visible to the public.

1. Opportunity status:

You can change the status of your opportunity to four different statuses:

- **Draft** – this is the default status when you enter a new opportunity. It is not visible to the public when it has this status.
- **Open** – after you have finished entering all of the relevant information and you are ready to start accepting applications or enquiries from potential volunteers, then change the status to "Open". It will remain visible until the day after the *Application Deadline Date*, or until you change the status back to 'Draft', or to 'Closed' or 'Full'.
- **Closed** – if you wish to stop the opportunity from being visible to the public, you can set the status to 'Closed'. It will disappear immediately from the big list of opportunities, but will still be visible in the list of opportunities at the bottom of an organisation's details page.
- **Full** – if the opportunity has received enough applications from volunteers, you can set the status to full. Again, it will disappear immediately from the big list of opportunities, but will still be visible in the list of opportunities at the bottom of an organisation's details page.

It is possible to go from Closed or Full back to Draft or Open, in case you need to re-open an opportunity to find additional volunteers, perhaps at the last minute.

2. Save Opportunity

Click here to save the details of the opportunity. If there is any information missing, you will receive warnings and the relevant fields will be outlined in red. You can 'Save' and re-edit an opportunity as often as you need.

3. Cancel

Press this button to return to the Organisation and opportunities manager page – you will lose all information entered into the form.

You can now view your opportunity in the Search for opportunities page in the European Youth Portal:
https://europa.eu/youth/volunteering/project_en

20 Receive a young person's interest for an opportunity

The young people registered in European Solidarity Corps portal have the possibility to search and express their interest for a European Solidarity Corps opportunity advertised by your organisation ('Manage opportunity' link in the organisation dashboard).

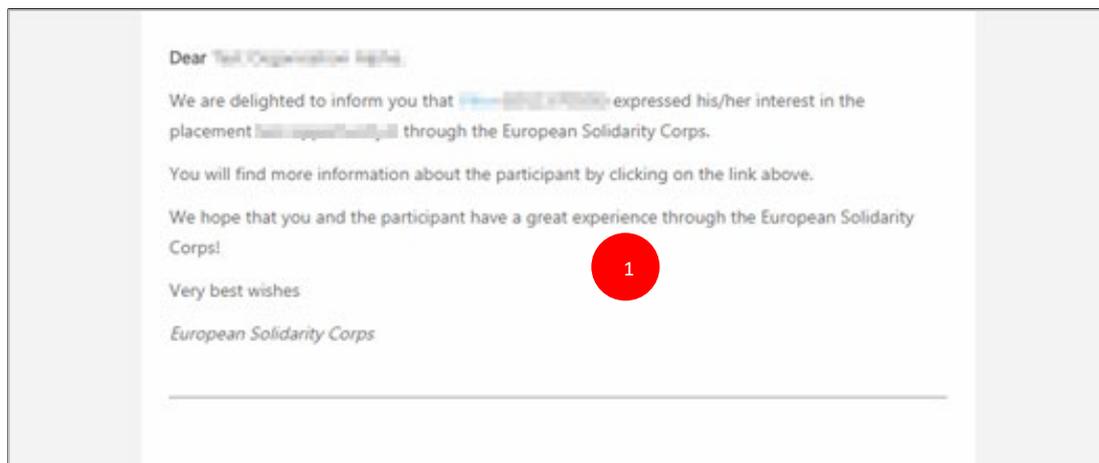

Whenever a young person expresses his/her interest for an opportunity you will receive an email (in English) (1) and you will see the information in the 'Applications' list (2).

The email contains the registered candidate name (linked to his/her profile) (1), his/her Participant Reference Number, opportunity name, and (if it is the case) the motivation statement.

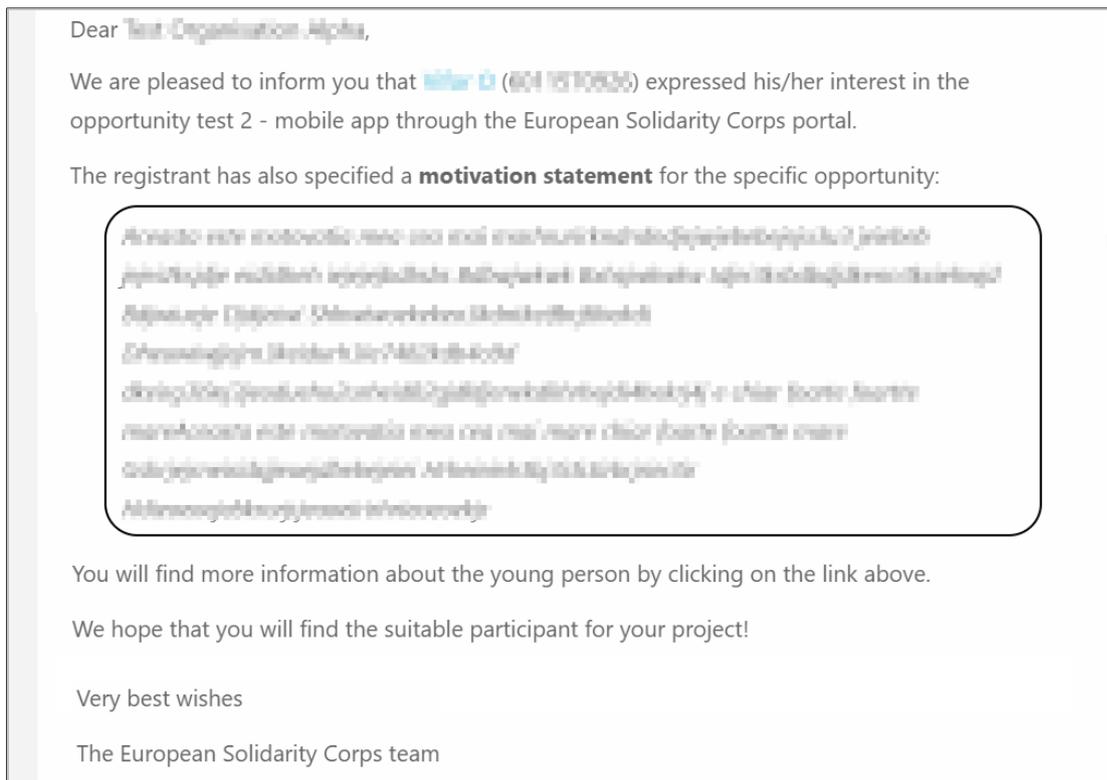

Should you wish to ask the registered candidate for a Motivation Statement (min 500 characters and maximum 1000 characters) or/and CV, then you have to tick one or both options (checkboxes) available on the 'Advertise opportunity' form (see 'Manage opportunities' option).

By clicking on the link associated to the participant's name, you will see the young person profile, including his/her email address.

Example – email application for an opportunity for which is not requested a motivation statement

Example – email application for an opportunity for which a motivation statement is required:

Please note that if you reply directly to the email you received, the message will not reach out the young person's mailbox, but instead it will be sent to the European Solidarity Corps functional mailbox.

View the list with applications

Note that the 'Applications' option (1) will be displayed in the table on the homepage of PASS only if at least one participant has expressed his/her interest for a placement you advertised.

Click on the 'Applications' (1) option to view the list with all registered candidates (2) that expressed their interest for the opportunity you advertised.

You can filter the applications received so far by 'PRN' (3) and 'Placement name' (4), and you can access the registered candidate profile and get in touch with him/her by sending an email. Please note that the email address is visible at this stage, thus you can email him/her without sending a contact request first.

21 Edit your organisation contact details

Almost all of the data that is visible to the public through the European Youth Portal about your organisation is maintained by your country National Agency.

Only the **public contact 'email address' can be changed by you (the email address that is displayed on the organisation details page and not the email address used to login to PASS)**, and this is available only for organisations that have Erasmus + volunteering accreditation (KA110).

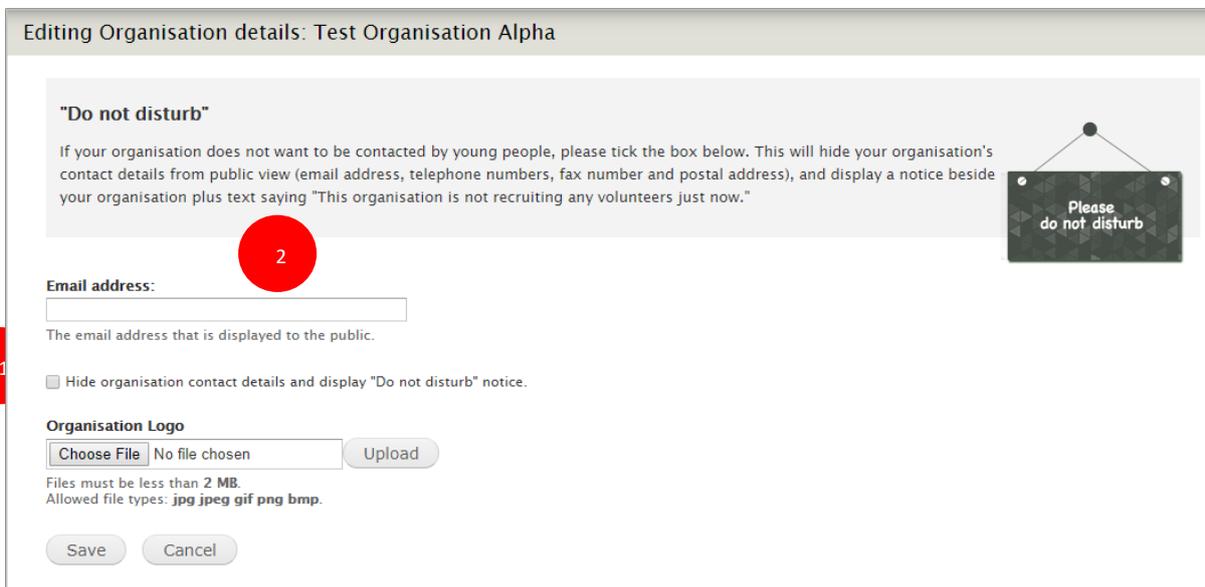

NOTE: To change the **email address used to log in** to PASS, please see the **chapters 1, 3 and 4** of this guide.

To change the other information about the organisation, **such as address, website URL, etc.** you have to contact your **country National Agency** and ask them **to make the amendments**. It can take up to 24 hours for changes made by the NA to be transferred to the European Youth Portal (EYP).

23 Online Training

The access to the Online Training platform is provided to the organisations have access to PASS (email addresses linked to the Quality Label, or Erasmus + Volunteering accreditation, and email addresses of the nominated representatives – in case of Organisations that have successfully applied to one of the funding programmes that support the European Solidarity Corps).

Thank you for logging into European Solidarity Corps Placement Administration and Support System (PASS).
 This system is designed to let you search for and make contact with European Solidarity Corps registered candidates, and finally offer them solidarity activities.
[Download the PASS User Guide](#)

The following are the key steps to follow in the process:

- Step 1 Search for registered candidates, and make contact with them**
 Use the search screen to find potential participants for your solidarity activities.
- Step 2 Contact individual registered candidates and discuss the activities with them**
 For privacy protection reasons, you must first use PASS to ask the young person for permission to contact them. After they have given you this permission, you can email them or call them directly, outside of PASS, to discuss the activities that are available.
- Step 3 Send an offer to the participant and get them to accept or decline it**
 When you have finished your discussions then you must send the young person an offer via PASS. The young person then has to either accept or decline the offer. The offers expire 15 days after they have been sent. This step is very important, because once the young person has accepted the offer they will become eligible to access to additional online European Solidarity Corps services. The funding for your project may also not become available until the offer is accepted.

If you are authorised to manage solidarity activities for more than one organisation, you will see all of the organisations listed below. Follow the three steps for the organisation you want to manage solidarity activities for.

As mentioned previously, it is planned that this Placement Administration and Support System will be continuously improved, with enhancements and new features being released every few weeks. This User Guide will be regularly updated to reflect the changes to the system – download the latest version from https://europa.eu/youth/solidarity/organisations/it-tool-organisation-portal_en .

If you have problems using the tool, please contact your country National Agency so they can inform us as soon as possible.

ANNEX

In this *Annex* you can see how a registrant dashboard looks like.

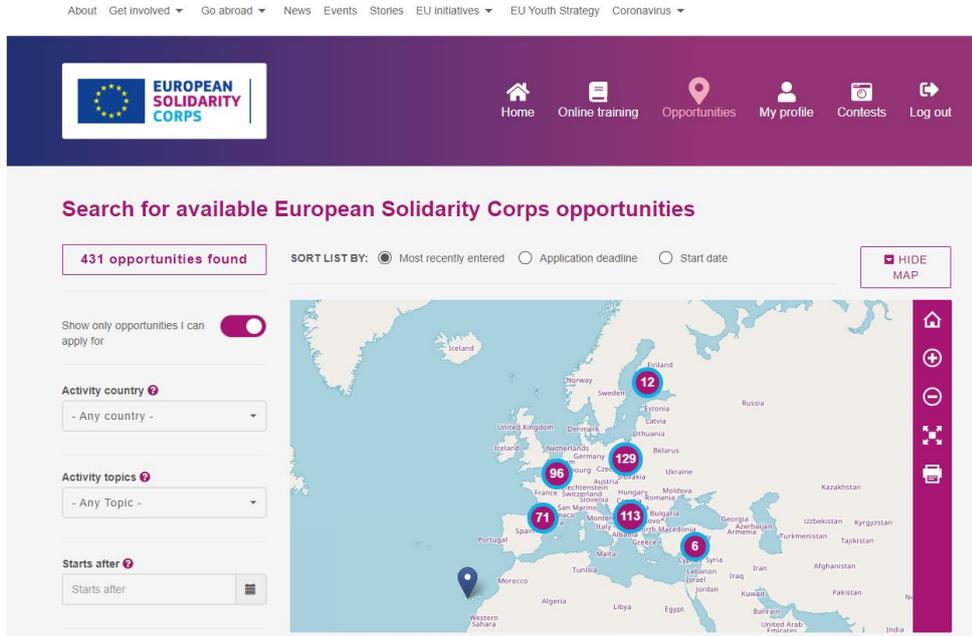

After a young person registered to the European Solidarity Corps portal, a dashboard is associated to his/her profile. From this dashboard the registered candidate can manage his/her profile, search and apply for opportunities, access the General Online Training, participate in various contests and much more:

Example of a dashboard home page:

The screenshot shows the user interface of the European Solidarity Corps dashboard. At the top, there is a breadcrumb trail: "Europa > Home > European Solidarity Corps > Dashboard". Below this is a navigation bar with the "EUROPEAN YOUTH PORTAL" logo, a search bar, and a "Questions?" button. A secondary navigation bar includes links for "About", "Get involved", "Go abroad", "News", "Events", "Stories", "EU Initiatives", "EU Youth Strategy", and "Coronavirus". The main header features the European Solidarity Corps logo and icons for "Home", "Online training", "Opportunities", "My profile", "Contests", and "Log out". The main content area starts with a purple banner that says "Thank you for joining the European Solidarity Corps!". Below this is a green notification bar stating "You are logged in.". A message follows: "Thank you for registering for the European Solidarity Corps, and for logging in to your account. This will be the main area through which you can manage your Corps experience." A link is provided for "Coronavirus: Consequences for Erasmus+ and European Solidarity Corps mobility activities page". The dashboard is divided into two main sections. On the left, a user profile card shows a profile picture, the text "Your Participant Reference Number: 7116823102625465", "Participant TEST ACCOUNT Estonia", and a "Certificates" section with a document icon and the text "No certificate issued yet.". On the right, a "LATEST OPPORTUNITIES" section displays two cards. Each card has a placeholder image, a date range (e.g., "From 01/09/2021 to 31/08/2022"), and a timestamp "13 min 48 sec ago".

Example for 'Opportunities' section:

By default there are displayed only the opportunities for which the registrant profile is eligible (where the eligibility criteria are birthdate, a previous Erasmus+ volunteering activity, and country of residence).

Your profile is split into the different sections below, and each section indicates whether it is complete or not.

Please take the time to complete your profile, and update it when your circumstances change.

At the bottom of the screen you also have the option to stop receiving communications from us, hide your profile from organisations or delete your account completely.

If you wish, you can delete your European Solidarity Corps account completely by clicking on the button below. If you do delete your account you can register again, but you will have to re-enter all of your details. Deleting your account will not affect the "EU Login" account you created during the initial registration process. That account will remain active and you will be still be able to use it to login to other European Commission services.
